## Dr. Miles' Heart Cure

Cures a Prominent Attorney.

Dr. R. C. PHILIPS, the leading pension attorney of Detroit, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, and after taking a few bottles, the pains disappeared. I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

Twenty-Four Thousand Troops Now at Chickamauga—Arrivals Yesterday Completely Blocked Railroad Yards—The Accident to the Charleston Believed Not to Be Serious—War Tax Debate In the Senate—Senator Pettigrew Objects to the Appointment of Inexperienced Men to Military Commands.

Washington, May 20.—"We are going to walk over Cuba with a force so strong that there will be no reverses, no checks to the forward movement," said the president to a visitor.

There is no doubt now of the determination to move the troops to Cuba. Cervera's disappearing fleet cuts no figure. Every day now tells on the preparations. The president's words, quoted above, are well borne out by the magnitude of the provision being made. When the start takes place from Tampa in the next few days it will be on a scale and with a completeness which will render unnecessary any more delays.

The president further explained the purpose to land in Cuba in such strength and with such support as will permit of active operations from the very first. The force will be overwhelming. It will move upon Havana as soon as the different divisions can get into position after they land. Within a week from the day the troops set foot on Cuban soil it is expected that Havana will be invested by land. The show of strength will be such as to impress General Blanco with the utter uselessness of contesting the advance.

In one way time has been saved by the waiting. Had the regulars been landed last week, as they would have been but for the sudden appearance of Cervera's fleet off Martinique, they could only have formed the base of operations. They would have had to await the arrival of the volunteers.

How much property a man will leave when he dies depends largely upon his health. The man who suffers from ill health stands little show of being a successful business man. The man who comes to his desk in the morning with a headache, who suffers all day from dizziness and drowsiness, who goes to his meals without an appetite and tosses restlessly through the night without sleeping, is not likely to leave a competence for his widow or orphan. Success is even more dependent upon health than upon ability.

Few men realize these truths. They think that everything can be accomplished by work, and that health is a secondary consideration. Work is useless unless it is good work, and good work is never done save by a thoroughly healthy man. Dr. Pierce's Golden Medical Discovery is the best of all health restorers and health preservers. It makes the stomach strong and active. It sends a man to his meals thoroughly hungry every time. It facilitates the flow of digestive juices and makes assimilation perfect. It invigorates the liver. It purifies the blood and fills it with the life-giving elements of the food. It is the great blood-maker and flesh-builder. It builds new, firm, muscular flesh. It does not build flabby fat like cod liver oil and does not make people more corpulent.

Write to tell you of the great benefit I have received from Dr. Pierce's Golden Medical Discovery. I was taken with a bad cold which settled on my lungs. The doctors said I was in consumption and could not get well. I took Cod Liver Oil and it did me no good. After taking it four months I heard of your "Golden Medical

Now, however, the volunteers are being mobilized at the gulf; and when the regulars move the volunteers will follow to the full capacity of the transports. The plan is to put the two armies ashore in much less time than would have been required if the advance into Cuba had begun last week.

Ready to Convey Troops. The navy department has announced that it stands ready at any moment to furnish convoys for the troops' transports, provided they are started from one point. General Miles had an interview yesterday with Captain Crowninshield, chief of the navigation bureau, and it is surmised that this very subject was under discussion. The rumor was abroad yesterday that General Miles, with his staff, was to leave Washington last night for Tampa, but this proved to be premature.

Naval authorities are relieved of a good deal of embarrassment by the consent of the French authorities at Martinique to allow the scouting vessel Harvard to remain in St. Pierre until her repairs are completed. It was supposed at first that she would be allowed only seven days' stay, and at the end of that time would be forced out to risk attack at the hands of some ambushed Spanish cruiser or torpedo boat.

The absence of official news of any character from the fleet at the navy department yesterday gave the widest field for speculation and all sorts of stories were afloat as to the whereabouts of the vessels and the imminence of an engagement. The report that came from Madrid of the bombardment of Santiago received some credence inasmuch as it seemed to show that General Greely, the chief signal officer, has set in motion his declared purpose of cutting the cables that afford the last connection between Havana and the outside world and thus isolate Blanco. It is not believed that the bombardment amounted to anything more than this.

## CHICKAMAUGA.

Twenty-Four Thousand Men In Camp, Supplies Received.

Chickamauga National Park, Ga., May 20.—With last night's arrivals the three divisions of the first provisional volunteer army corps was completed. The arrivals yesterday completely blocked the railroad yards, but the officials of the various roads worked together harmoniously to relieve the congestion. Twelve trains of an average of 15 cars each stood on the sidings on one road awaiting a clearing on the main track to the park, but during the afternoon they began to move. There were at the park last night 24,000 men. Yesterday was the busiest day at the park since the volunteers began to arrive and the forces of the various supply departments were taxed to the utmost to dispose of the business promptly and without confusion. The quartermaster's department has received all the supplies needed in the matter of tents, uniforms, ammunition, food supplies, etc., but no ordnance for the artillery batteries or guns for the unarmed volunteers. They are expected today.

The water supply is holding out satisfactorily, but a large number of additional wells are being sunk, and as a guarantee against a possibility of a deficiency it is stated that a recommendation has been sent to Washington urging that a standpipe be erected on the field and that water be supplied from the celebrated Crawfish spring, which flows several millions of gallons of water daily, and that this water be piped to the camps that may be lacking in supply. Ample storage room for the 2,500,000 rations recently ordered here from Chicago has been secured in Chattanooga and these food supplies are now nearly stored so that orders for regimental supplies are promptly filled.

## DECIDED UPON.

State Soldiers That Will Go to the Philippines. Washington, May 20.—The regular troops which are to accompany the expedition to the Philippines were determined upon at the war department yesterday and orders for them to proceed promptly to the coast will be issued. These, with the volunteers from California, Colorado, Kansas, Montana, Minnesota, Nebraska, Oregon, Wyoming, Utah, North and South Dakota and Idaho will make up the sum total from which are to be taken the troops who are to be sent to reinforce Admiral Dewey and enable him to take and hold the city of Manila. The public admission that the occupation of the islands is intended was made known in an order of the department yesterday detailing several officers for duty in that connection. The quartermaster's department reports that the four ships which have been chartered for the transport trip should be ready to sail inside of 10 days at the most. The City of Peking, which will get off first, is almost ready. The commissary's department was advised that supplies for 13,000 men were to reach San Francisco today from Chicago. They are calculated on a basis of three months at the rate of a ration a day for each man.

## WAR TAX.

Senate Committee Amendments Being Generally Agreed To.

Washington, May 20.—While several important paragraphs in the revenue measure were passed over yesterday for future consideration, excellent progress was made by the senate in the consideration of the bill. Two-thirds of the measure have been read, the committee amendments generally having been agreed to. Mr. McLaughlin (Dem., S. C.) opened the discussion of the bill yesterday with a carefully prepared speech touching all of its features. He expressed the hope that the bill would pass, as reported by the majority of the committee on finance, with the exception of the stamp tax, which he thought ought to be retained.

## NOT SERIOUS.

Accident to the Charleston Which Compelled Her to Return to Mare Island.

San Francisco, May 20.—The accident to the cruiser Charleston is not regarded here as serious and it is thought that within 48 hours she will be far out on the Pacific on her way to Manila. When the ship left the navy yard everything went well until the bay was reached. Then it was that the condenser tubes began to leak slightly. They were repaired, but soon commenced to leak again. The cause of the trouble is attributed to the work of the navy mechanics. There was no opportunity to test the condensers before the ship left the yard and it was only when the vessel was being forced through the water at full speed that the defect was made manifest. Captain Glass is authority for the statement that the accident while annoying, is not serious.

Agreeable Understanding. Washington, May 20.—As the result of several recent exchanges between the officials of the state department and those of the French embassy an agreeable understanding has been reached which gives assurance of a continuance of the traditional friendship existing between the United States and France.

## FIRING AT SANTIAGO

American Warships Draw the Fire of Harbor Batteries.

## DESIRED TO LEARN RANGE

It Is Not Certain That the Ships Replied.

Kingston, Jamaica, May 20.—Two American warships, whose names were not discernible from the shore, appeared off Santiago de Cuba Wednesday while the steamer Adula, which has arrived here from that port with refugees, was in the harbor. They approached and drew the fire of the batteries at the harbor entrance. It is not certain whether the warships replied to the fire.

The firing continued from noon to 1 o'clock. Captain Walker of the Adula, when coming out, could not see any marks on Morro castle and inferred that the American ships drew the fire of the batteries to learn the range.

There was much excitement in the city. The regulars and volunteers were called out and new earthwork batteries erected on each side of the harbor entrance. The number and calibre of the guns are unknown, but it is known that there are 21 torpedoes in the channel electrically connected with the shore.

The cruiser Mercedes, whose boilers are disabled has been anchored so she can rake the channel for 300 yards. A few days ago a German steamer brought 16,000 bags of rice to Santiago de Cuba? Rice and sardines are the principal food supplies.

When about 60 miles from Santiago de Cuba, Wednesday night, seven large steamers moving in two columns crossed the Adula's course going west. They were evidently warships, but their nationality could not be identified. The Adula brought 255 passengers.

The description given by the first mate and five seamen of the Adula agree as to the fleet that crossed her course. Four of the seven ships were large cruisers and three were small. They were distant about four miles when the lines of the courses intersected, about 30 miles off the north coast of Jamaica. The Adula's crew believes they were the squadron under Admiral Cervera, and it is feared that, if they were on the way to Cienfuegos, they may destroy the American blockading squadron.

## INSURGENTS MOVING.

Gradually Drawing Near Santiago de Cuba to Cut Off Supplies.

Kingston, May 20.—Refugees who arrived here yesterday from Santiago de Cuba on board the steamer Adula say the insurgent district commanders in eastern Cuba are moving nearer and nearer to Santiago de Cuba. It appears that Brigadier General Mindez, by order of General Calixto Garcia, has brought insurgent forces from the extreme east to the neighborhood of Caimanero on the south coast, and Brigadier General Castilla of the insurgent army, has shifted his command to within 25 miles of Santiago de Cuba.

Small insurgent bands engage in nightly raids past the outlying garrisoned towns, to within about six miles of the city of Santiago de Cuba. They retire without pursuit after their forays. The concerted design is to cut off the meat, vegetable and fruit supply of the city and produce the effects of a siege.

In the meantime the prices of provisions at Santiago are even less than they were three weeks ago, during the first panic following the outbreak of hostilities between Spain and the United States and the expectation of being blockaded. Small cargoes of flour, groceries and canned goods have been received by schooners from Jamaica and Hayti and the markets of Santiago de Cuba are full of fish.

Spain's Military Strength In Cuba. Senior Enrique Capriles, governor of Santiago de Cuba, in an interview printed in La Bandera Espanola of May 18, is quoted as saying: "Spain has 300,000 regular troops and volunteers in Cuba, and we fight on our soil. Those of us who are from Spain are acclimated and we are untroubled. Therefore, one of us is equal to two invaders—yes, to three invaders."

"We hear America proposes to assail us with 100,000 men. Some reports say 150,000 men, and raw levies. We invite four times that number to enrich our fields with their carcasses. The greater the number, the greater the glory. Let us keep our hearts elevated by patriotism and thoughts of our wrongs. Our flag has been called the 'golden and bloody flag of Spain.' In our hands may it indeed win that name."

The feeling against Americans in Santiago de Cuba is most bitter. The Spaniards threaten to confiscate the plantations owned by Americans.

The representatives of foreign capitalists who at first believed the war would be a short and victorious one for the United States now appear to think that

staff, said that General Merritt would stay in Washington until some time tomorrow and would then go to Chicago. He would leave there on Monday and the party probably would arrive in San Francisco on the following Friday. Lieutenant Hale said that General Merritt probably would not go on the Philada, but would go with the troops on the troopship.

## PETTIGREW OBJECTS.

He Is Opposed to Appointment of Unexperienced Men to Command Others.

Washington, May 20.—A large number of staff nominations for the army were confirmed by the Senate yesterday. Senator Pettigrew asked Senator Hawley if the military committee had made due investigation as to military training and qualifications of the numerous young men appointed to these positions, mentioning some of the sons of prominent men. Senator Hawley replied that the appointees had all been recommended by senators or congressmen from their own states.

"They will gain experience in the field," Senator Hale suggested.

"That is what I object to," responded Mr. Pettigrew. "If they are not experienced military men it is hardly fair that they should be appointed to command others."

## LOSS AT CIENFUEGOS.

Now Known That Three Hundred Were Killed and Hundreds Wounded.

Key West, May 20.—The Spanish loss during the recent engagement at Cienfuegos is now known to have been much heavier than reported. Over 300 Spaniards were killed and several hundred wounded. Great damage was done along the coast. The cruiser Marbehead picked up several Cubans in an open boat some miles down the coast including Colonel Ortiz, Lieutenant Olvera and three privates from an insurgent camp near Cienfuegos.

They reported that the Spanish losses and the damage wrought by the shells from the warships were very heavy. The hospitals at Cienfuegos, they said, were full of wounded, and fear prevailed everywhere that the American warships would return to complete the work of destruction.

## DON'T LIKE IT.

Officers of Louisville Legion Opposed to Method of Examining Militia.

Lexington, Ky., May 20.—Colonel Castleman and other officers of the Louisville Legion are disgruntled at the method of examination and mustering of the Kentucky troops. Colonel Castleman says that there is a tendency of army officers in all the states to show up the militia in as bad a light as possible, in order to pave the way for a greater increase in the standing army.

General Miles had an interview yesterday with Captain Crowninshield, chief of the navigation bureau, and it is surmised that this very subject was under discussion. The rumor was abroad yesterday that General Miles, with his staff, was to leave Washington last night for Tampa, but this proved to be premature.

Naval authorities are relieved of a good deal of embarrassment by the consent of the French authorities at Martinique to allow the scouting vessel Harvard to remain in St. Pierre until her repairs are completed. It was supposed at first that she would be allowed only seven days' stay, and at the end of that time would be forced out to risk attack at the hands of some ambushed Spanish cruiser or torpedo boat.

The absence of official news of any character from the fleets at the navy department yesterday gave the widest field for speculation and all sorts of stories were afloat as to the whereabouts of the vessels and the imminence of an engagement. The report that came from Madrid of the bombardment of Santiago received some credence inasmuch as it seemed to show that General Greely, the chief signal officer, has set in motion the machinery of the navy to carry out his declared purpose of cutting the cables that afford the last connection between Havana and the outside world and thus isolate Blanco. It is not believed that the bombardment amounted to anything more than this.

CHICKAMAUGA. Twenty-Four Thousand Men In Camp. Supplies Received.

Chickamauga National Park, Ga., May 20.—With last night's arrivals the three divisions of the first provisional volunteer army corps was completed. The arrivals yesterday completely blocked the railroad yards, but the officials of the various roads worked together harmoniously to relieve the congestion. Twelve trains of an average of 15 cars each stood on the sidings on one road awaiting a clearing on the main track to the park, but during the afternoon they began to move. There were at the park last night 24,000 men. Yesterday was the busiest day at the park since the volunteers began to arrive and the forces of the various supply departments were taxed to the utmost to dispose of the business promptly and without confusion. The quartermaster's department has received all the supplies needed in the matter of tents, uniforms, ammunition, food supplies, etc., but no ordnance for the artillery batteries or guns for the unarmed volunteers. They are expected today.

The water supply is holding out satisfactorily, but a large number of additional wells are being sunk, and as a guarantee against a possibility of a deficiency it is stated that a recommendation has been sent to Washington urging that a standpipe be erected on the field and that water be supplied from the celebrated Crawfish spring, which flows several millions of gallons of water daily, and that this water be piped to the camps that may be lacking in supply. Ample storage room for the 2,500,000 rations recently ordered here from Chicago has been secured in Chattanooga and these food supplies are now nearly stored so that orders for regimental supplies are promptly filled.

## DECIDED UPON.

State Soldiers That Will Go to the Philippines.

Washington, May 20.—The regular troops which are to accompany the expedition to the Philippines were determined upon at the war department yesterday and orders for them to proceed promptly to the coast will be issued. These, with the volunteers from California, Colorado, Kansas, Montana, Minnesota, Nebraska, Oregon, Wyoming, Utah, North and South Dakota and Idaho will make up the sum total from which are to be taken the troops who are to be sent to reinforce Admiral Dewey and enable him to take and hold the city of Manila. The public admission that the occupation of the islands is intended was made known in an order of the department yesterday detailing several officers for duty in that connection. The quartermaster's department reports that the four ships which have been chartered for the transport trip should be ready to sail inside of 10 days at the most. The City of Peking, which will get off first, is almost ready. The commissary's department was advised that supplies for 13,000 men were to reach San Francisco today from Chicago. They are calculated on a basis of three months at the rate of a ration a day for each man.

## WAR TAX.

Senate Committee Amendments Being Generally Agreed To.

Washington, May 20.—While several important paragraphs in the war revenue measure were passed over yesterday for future consideration, excellent progress was made by the senate in the consideration of the bill. Two-thirds of the measure have been read, the committee amendments generally having been agreed to. Mr. McClaurin (Dem., S. C.) opened the discussion of the bill yesterday with a carefully prepared speech touching all of its features.

He expressed the hope that the bill would pass, as reported by the majority of the committee on finance, with the exception of the stamp tax, which he thought ought to be retained.

proprietary articles and perfumeries now in stock aroused a lively discussion. It was regarded as retroactive legislation and, as such, was opposed by many senators. The paragraph has not been decided of finally.

## NOT SERIOUS.

Accident to the Charleston Which Compelled Her to Return to Mare Island.

San Francisco, May 20.—The accident to the cruiser Charleston is not regarded here as serious and it is thought that within 48 hours she will be far out on the Pacific on her way to Manila. When the ship left the navy yard everything went well until the bay was reached. Then it was that the condenser tubes began to leak slightly. They were repaired, but soon commenced to leak again. The cause of the trouble is attributed to the work of the navy mechanics. There was no opportunity to test the condensers before the ship left the yard and it was only when the vessel was being forced through the water at full speed that the defect was made manifest. Captain Glass is authority for the statement that the accident while annoying, is not serious.

Agreeable Understanding. Washington, May 20.—As the result of several recent exchanges between the officials of the state department and those of the French embassy an agreeable understanding has been reached which gives assurance of a continuance of the traditional friendship existing between the United States and France.

Conciliating Insurgents. Hong Kong, May 20.—It is reported here that the Spanish governor of the Philippine islands is conciliating many of the insurgent chiefs with high appointments, while other chiefs are succeeding in federating the rival tribes.

Mother and Child Horribly Burned. Kent, O., May 20.—Mrs. Henry Green, a prominent lady of this place, threw some old papers into a stove. Unknown to her a package of gunpowder was among the papers. There was an explosion in which she and her little child were horribly burned.

Will Be Teddy's Surgeon. Lexington, Ky., May 20.—Dr. Casey, a local veterinary surgeon, has been nominated as regimental veterinarian in Teddy Roosevelt's aggregation of rough riding riflemen. His relative, Fred Grant, secured the place for Dr. Casey.

## FIRING AT SANTIAGO

American Warships Draw the Fire of Harbor Batteries.

## DESIRED TO LEARN RANGE

It Is Not Certain That the Ships Replied.

Insurgents Reported Gathering Near Caimanero on South Coast to Cut Off Supplies From Santiago de Cuba—Senator Enrique Hopes One Hundred Thousand Americans Will Be Sent to Cuba That Their Carcasses May Enrich the Soil—Other War Dispatches.

Kingston, Jamaica, May 20.—Two American warships, whose names were not discernible from the shore, appeared off Santiago de Cuba Wednesday while the steamer Adula, which has arrived here from that port with refugees, was in the harbor.

They approached and drew the fire of the batteries at the harbor entrance. It is not certain whether the warships replied to the fire.

The firing continued from noon to 1 o'clock. Captain Walker of the Adula, when coming out, could not see any marks on Morro castle and inferred that the American ships drew the fire of the batteries to learn the range.

There was much excitement in the city. The regulars and volunteers were called out and new earthwork batteries erected on each side of the harbor entrance. The number and calibre of the guns are unknown, but it is known that there are 21 torpedoes in the channel electrically connected with the shore. The cruiser Mercedes, whose boilers are disabled has been anchored so she can rake the channel for 300 yards.

A few days ago a German steamer brought 16,000 bags of rice to Santiago de Cuba? Rice and sardines are the principal food supplies.

When about 60 miles from Santiago de Cuba, Wednesday night, seven large steamers moving in two columns crossed the Adula's course going west. They were evidently warships, but their nationality could not be identified. The Adula brought 355 passengers.

The description given by the first mate and five seamen of the Adula agree as to the fleet that crossed her course. Four of the seven ships were large cruisers and three were smaller.

They were distant about four miles when the lines of the courses intersected, about 30 miles off the north coast of Jamaica. The Adula's crew believes they were the squadron under Admiral Cervera, and it is feared that, if they were on the way to Cienfuegos, they may destroy the American blockading squadron.

## INSURGENTS MOVING.

Gradually Drawing Near Santiago de Cuba to Cut Off Supplies.

Kingston, May 20.—Refugees who arrived here yesterday from Santiago de Cuba on board the steamer Adula say the insurgent district commanders in eastern Cuba are moving nearer and nearer to Santiago de Cuba. It appears that Brigadier General Mindez, by order of General Calixto Garcia, has brought insurgent forces from the extreme east to the neighborhood of Caimanero on the south coast, and Brigadier General Castilla of the insurgent army, has shifted his command to within 25 miles of Santiago de Cuba.

Small insurgent bands engage in nightly raids past the outlying garrisoned towns, to within about six miles of the city of Santiago de Cuba. They retire without pursuit after their forays. The concerted design is to cut off the meat, vegetable and fruit supply of the city and produce the effects of a siege.

In the meantime the prices of provisions at Santiago are even less than they were three weeks ago, during the first panic following the outbreak of hostilities between Spain and the United States and the expectation of being blockaded. Small cargoes of flour, groceries and canned goods have been received by schooners from Jamaica and Hayti and the markets of Santiago de Cuba are full of fish.

Spain's Military Strength In Cuba. Senor Enrique Capriles, governor of Santiago de Cuba, in an interview printed in La Bandera Espanola of May 18, is quoted as saying: "Spain has 300,000 regular troops and volunteers in Cuba, and we fight on our soil. Those of us who are from Spain are acclimated and we are entrenched. Therefore, one of us is equal to two invaders—yes, to three invaders."

"We hear America proposes to assail us with 100,000 men. Some reports say 150,000 men, and raw levies. We invite four times that number to enrich our fields with their carcasses. The greater the number, the greater the glory. Let us keep our hearts elevated by patriotism and thoughts of our wrongs. Our flag has been called the 'golden and bloody flag of Spain.' In our hands may it indeed win that name."

The feeling against Americans in Santiago de Cuba is most bitter. The Spaniards threaten to confiscate the plantations owned by Americans. The representatives of foreign capitalists who at first believed the war would be a short and victorious one for the United States now appear to think that it will be a long and costly one.

## GENERAL MERRITT.

Will Leave For the Philippines Tomorrow.

New York, May 20.—Major General Wesley Merritt, commanding the department of the Pacific, left last night for Washington, on his way to San Francisco, whence he will sail to the Philippines. Lieutenant Hale, of his

GENERAL WESLEY MERRITT. (Commander Philippine Expedition.) staff, said that General Merritt would stay in Washington until some time tomorrow and would then go to Chicago. He would leave there on Monday and the party probably would arrive in San Francisco on the following Friday. Lieutenant Hale said that General Merritt probably would not go on the Philada, but would go with the troops on the troopship.

## PETTIGREW OBJECTS.

He Is Opposed to Appointment of Unexperienced Men to Command Others.

Washington, May 20.—A large number of staff nominations for the army were confirmed by the Senate yesterday. Senator Pettigrew asked Senator Hawley if the military committee had made due investigation as to military training and qualifications of the numerous young men appointed to these positions, mentioning some of the sons of prominent men. Senator Hawley replied that the appointees had all been recommended by senators or congressmen from their own states.

"They will gain experience in the field," Senator Hale suggested. "That is what I object to," responded Mr. Pettigrew. "If they are not experienced military men it is hardly fair that they should be appointed to command others."

## LOSS AT CIENFUEGOS.

Now Known That Three Hundred Were Killed and Hundreds Wounded.

Key West, May 20.—The Spanish loss during the recent engagement at Cienfuegos is now known to have been much heavier than reported. Over 300 Spaniards were killed and several hundred wounded. Great damage was done along the coast. The cruiser Maribled picked up several Cubans in an open boat some miles down the coast including Colonel Ortiz, Lieutenant Olave and three privates from an insurgent camp near Cienfuegos.

They reported that the Spanish losses and the damage wrought by the shells from the warships were very heavy. The hospitals at Cienfuegos, they said, were full of wounded, and fear prevailed everywhere that the American warships would return to complete the work of destruction.

## DON'T LIKE IT.

Officers of Louisville Legion Opposed to Method of Examining Militia.

Lexington, Ky., May 20.—Colonel Castleman and other officers of the Louisville Legion are disgruntled at the method of examination and mustering of the Kentucky troops. Colonel Castleman says that there is a tendency of army officers in all the states to show up the militia in as bad a light as possible, in order to pave the way for a greater increase in the standing army.

## Will Not Bombard Canary Islands.

London, May 20.—The agent in the Canary island of a Liverpool firm writes that the British consul there has been informed that the United States will not bombard the Canary islands, as the result of an arrangement between Great Britain and the United States whereby, while Great Britain remains neutral, the United States will abstain from such a bombardment, which would mean great destruction of British property.

## Brought No News.

Key West, Fla., May 20.—Some of the smaller ships which returned from various points on the blockade line yesterday brought no news. Although some of the small ships cruised closely along the Cuban shore there was no sign of hostility toward them.

## OF SERIOUS NATURE

Charges Made Against a School Board Officer.

Columbus, O., May 20.—Examiner Charles H. Turnbaugh, who has been investigating the financial affairs of the Martinsville, Clinton county, board of education has filed his report. He alleges that John Doak, treasurer of the board, has been allowing R. B. Farley, the superintendent of the schools, to use the school funds for his own benefit, and that Farley has been loaning the money out to banks. The report also charges that Henry Neffner, one of the members of the board of education, has unlawfully drawn \$327.96 from the school funds.

## SPANISH FLEET.

Madrid Dispatch Reports It at Santiago.

Madrid, May 20.—A direct message from Santiago de Cuba confirms the report of the arrival of the Spanish squadron there. The dispatch says the event has caused intense enthusiasm at Santiago de Cuba.

The Spanish fleet on arriving at Santiago de Cuba found there two American warships, which retired with all speed.

The queen regent has cabled congratulations to Admiral Cervera.

## SNOWSLIDES.

One Hundred People Caught and Only Three Killed.

Seattle, Wash., May 20.—Passengers on the steamer Morgan City, which has arrived here from Copper River, Alaska, report two large snowslides occurred on the Valdes glacier April 30 and May 1, in which about 100 people were caught. Only three persons were killed. They were: Joseph Furner, Chicago; B. Antwerp, Minneapolis, and A. Johnston, Eureka, Cal. A report was current that four more were missing, but it could not be confirmed.

## MUST WAIT TWO YEARS FOR THE BODY.

Columbus, O., May 20.—J. F. Meeks of Clyde, O., has been endeavoring, through Governor Bushnell, to recover the remains of his son, George B. Meeks, who was killed on the torpedo boat Winslow, a few days ago in a battle with a Spanish man-of-war. He has just received word from Commodore Remig at Key West that the body, under the law, could not be exhumed until a period of two years has passed.

## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

WEYLER has announced that he was ready a year ago to invade the United States. It is a fortunate thing for him that he did not attempt to carry out his thought.

SPANISH honor is easily satisfied if it pleased with a guerilla warfare on a part of its fleet which was to send good ships to the bottom so quickly.

The men who are raising the wheat and corn are feeling more hopeful than they have for years. If their hopes are blessed this means still further improvement in business conditions.

The late Mr. Gladstone, universally regarded as the greatest Englishman of the Nineteenth century, pronounced George Washington, the greatest man of all centuries. And he used the word greatest in the broadest and best meaning of the word.

The estimates for the government's next fiscal year made by Senator Allison for \$482,874,647 for ordinary expenses and \$379,192,000 for war expenses. This is at the rate of about \$2,000,000 per day. Our government can stand an expense like this, but how about the bankrupt treasury of Spain which must shoulder such an enormous load to carry on the war.

The people of the country generally commend the attempts of the government to prevent the premature publication of news concerning the conduct of the war and the movements of our vessels. All such published reports are read in Spain within a very short time after their publication here. There is a great disadvantage in allowing an enemy to know the moves which one nation intends to make and our government will do well to profit by the example which Spain has set for us in this one particular, in keeping strict secrecy concerning the movements of her ships.

LUBKER'S PRIMARY.  
The Light Vote a Surprise Even to the Most Sanguine Candidates.

The much advertised democratic primary yesterday turned out to be a very tame affair. There was seemingly no interest in any part of the county so far as heard from. The vote was much lighter in every township than the candidates and the hold-over committee had anticipated.

In Brownstown township where they polled 576 votes for Bryan in 1896, they got out only 241 votes. In Owen township where they cast 277 votes in 1896, only 123 voted in this primary. In Salt creek where the party can claim 490 votes but 73 were cast. In Hamilton township, where there are 250 democratic votes, only 27 went to the polls. In Jackson township only 43 went to the polls to take part in this primary. Only 39 votes were cast in Redding township. And so it was in other townships. Only a small portion of the voters took any part. It was, indeed, a day of disappointment to the holdovers and their crowd.

We have not all the vote in detail therefore can not figure out the possible results when Frank Brannaman and John Durmont's rule is applied. They will doubtless announce that through D. H. Lubker, in due time and with sufficient ceremony.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled for sale by C. W. Milhouse.

CAPTURE OF A VETERAN.  
By the Commander in Chief of His Headquarters.  
"Say, mister, have you seen a mean lookin' little cuss with a blue suit and brass buttons on hangin' round here this week?" said a tall woman to the clerk at a Lewiston hotel Friday.

"Don't know that I have. How mean does he look?" was the reply.  
"He pretends to be a vitran," continued the woman regarding the clerk over her glasses, "an' ginally about Grand Army time he disappears from his wife's bed an' board an' goes off an' licks the hull south. I want to see him. I want him to come home."

Up the corridors came the sound of laughter.  
A party of veterans were telling tales of war.  
A familiar voice smote upon the air. The woman's lips closed tightly.

"I tell you, comrades, I jes' enjoyed that air fight at Chancellorsville more'n I did the hull burned muss from fus to las'. You see, Gin'rul Jackson was off on to our left a-trampin' like the very devil to outflank the Union lines. That air mornin' my cap'n he sez to me, sez he, 'Jake, you take a detachment o' five men an' go out an' see what Stonewall's doin'! Ef you suspect—ef you suspect,' sez he—'that there's any kind o' sneak or beatin' around the bush goin' on, you jes' lay low an' kyhoot for the Union lines.' 'Well, sez I'—

Just then a woman shoved through the throng and linked her arm in his. The words died on his lips. The fight died out of his eyes. A spasm passed over his countenance that left it a sickly green, the color of the hide of a sour cucumber.

"Jabez," said the woman, "be you here a-lyin' ag'in? What made you take that air boss an' drive him here to this G. A. R. spree? Hey you been a-drinkin' yet? Hey you been a-forgettin' of your commandment not to lie? Did you tell these gentlemen that as fur as you got to war was to Augusta, an' that you got so feared over there that you was sick for three weeks? Gin'rul Jackson! You little lyin' thing you! Did you tell the Grand Army men that you was drafted an' that they couldn't find you for six weeks where you was a-hidin' in the woods?"

"Come home, Jabez—the caws and the pigs need you."

And the little old man in the blue coat looked up into the woman's face with a gray, misty, tearful look in his eyes. The glad light that had been in them was gone. His little bit of glory was at an end.

WEYLER has announced that he was ready a year ago to invade the United States. It is a fortunate thing for him that he did not attempt to carry out his thought.

SPANISH honor is easily satisfied if it pleased with a guerilla warfare on a part of its fleet which was to send its good ships to the bottom so quickly.

THE men who are raising the wheat and corn are feeling more hopeful than they have for years. If their hopes are blasted this means still further improvement in business conditions.

THE late Mr. Gladstone, universally regarded as the greatest Englishman of the Nineteenth century, pronounced George Washington, the greatest man of all the centuries. And he used the world greatest in the broadest and best meaning of the word.

THE estimates for the government's next fiscal year made by Senator Allison for \$482,874,647 for ordinary expenses and \$379,192,000 for war expenses. This is at the rate of about \$2,000,000 per day. Our government can stand an expense like this, but how about the bankrupt treasury of Spain which must shoulder such an enormous load to carry on the war.

THE people of the country generally commend the attempts of the government to prevent the premature publication of news concerning the conduct of the war and the movements of our vessels. All such published reports are read in Spain within a very short time after their publication here. There is great disadvantage in allowing an enemy to know the moves which one nation intends to make and our government will do well to profit by the example which Spain has set for us in this one particular, in keeping strict secrecy concerning the movements of our ships.

**While the War Lasts.**

All who march, walk or stand, should shake into their shoes Allen's Foot-Ease powder. It cures aching, tired, sore, swollen feet and makes tight or new shoes easy. It absorbs moisture, and prevents chafing, hot, smarting, blistered sweating feet. All the regular army troops and navy men use it. Volunteers in hot climates can't exist in comfort without it. Allen's Foot-Ease is sold by all druggists and shoe stores, 25c. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

Insure your business and other property in the Ohio Farmers Insurance Co. It is a strong, reliable, safe company. Cash assets over \$1,000,000. C. A. DAY, Agt., Pfaffenberger Block.

**LUBKER'S PRIMARY.**

The Light Vote a Surprise Even to the Most Sanguine Candidates.

The much advertised democratic primary yesterday turned out to be a very tame affair. There was seemingly no interest in any part of the county so far as heard from. The vote was much lighter in every township than the candidates and the hold-over committee had anticipated.

In Brownstown township where they polled 576 votes for Bryan in 1896, they got out only 241 votes. In Owen township where they cast 277 votes in 1896, only 123 voted in this primary. In Salt creek where the party can claim 400 votes but 73 were cast. In Hamilton township, where there are 250 democratic votes, only 27 went to the polls. In Jackson township only 43 went to the polls to take part in this primary. Only 39 votes were cast in Redding township. And so it was in other townships. Only a small portion of the voters took any part. It was, indeed, a day of disappointment to the holdovers and their crowd.

We have not all the vote in detail therefore can not figure out the possible results when Frank Branaman's and John Durment's rule is applied. They will doubtless announce that through D. H. Lubker, in due time and with sufficient ceremony.

**RAILROAD RUMBLINGS**

H. M. Wishard, of the Blue Line, was in the city.

Elmer Swain, of the "Q" route, was in the city today.

Conrad Kammer, of the Air Line, was in the city today.

H. A. Truedy, B. & O. S. W. special agent, was in the city today.

J. M. Sutton, of the B. & O. S. W. round house, is able to walk out.

Engineer Charles Ewing has almost recovered and thinks he will resume his run on the Bedford accommodation tomorrow.

Howard Guthrie, B. & O. S. W. train dispatcher, went to Bloomington today to spend a two weeks' vacation with his parents.

John Quinn, of the B. & O. S. W. yard, who has been confined to his home by sickness is up today but not able to resume his position.

Several people came here today from the western part of the county by way of the Southern Indiana on business and to purchase goods.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled for sale by C. W. Milhouse.

**Whooping Cough.**

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by C. W. Milhouse.

**CAPTURE OF A VETERAN.**

By the Commander in Chief of His Headquarters.

"Say, mister, have you seen a mean lookin' little cuss with a blue suit an brass buttons on hangin' round here this week?" said a tall woman to the clerk at a Lewiston hotel Friday.

"Don't know that I have. How mean does he look?" was the reply.

"He pertends to be a veteran," continued the woman regarding the clerk over her glasses, "an ginally about Grand Army time he disappears from his wife's bed an board an goes off an licks the hull south. I want to see him. I want him to come home."

Up the corridors came the sound of laughter.

A party of veterans were telling tales of war.

A familiar voice smote upon the air. The woman's lips closed tightly. "I tell you, comrades, I jes' enjoyed that air fight at Chancellorsville more'n I did the hull darned muss from fus to las'. You see, Gin'ral Jackson was off on to our left a-trampin like the very devil to outflank the Union lines. That air mornin my cap'n he sez to me, sez he, 'Jake, you take a detachment o' five men an go out an see what Stonewall's doin! Ef you suspect—ef you suspect,' sez he—'that there's any kind o' sneakin or beatin around the bush goin on, you jes' lay low an kyhook for the Union lines.' 'Well, sez I'."

Just then a woman shoved through the throng and linked her arm in his. The words died on his lips. The fight died out of his eyes. A spasm passed over his countenance that left it as sickly green, the color of the hide of a sour cucumber.

"Jabez," said the woman, "be you here a-lyin ag'in? What made you take that air hoss an drive him here to this G. A. R. spree? Hey you been a-drinkin? Hey you been a-forgettin of your commandment that as far as you got to war was to Augusta, an then you got so fazed over there that you was sick for three weeks? Gin'ral Jackson! You little lyin thing you! Did you tell the Grand Army men that you was drafted an that they couldn't find you fer six weeks where you was a-hidin in the woods?"

"Come home, Jabez—the caows and the pigs need you."

And the little old man in the blue coat looked up into the woman's face with a gray, misty, fearful look in his eyes. The glad light that had been in them was gone. His little bit of glory was at an end.

ANNUAL COMMENCEMENT OF THE SHIELDS HIGH SCHOOL.

All Members of The Class Acquitted Themselves With Credit.—The Closing Exercises of a Successful School Year.

The twenty-fourth annual commencement of the Shields High school was held at the Opera House last night. This annual occasion is always looked forward to much interest. The great crowd present last night was evidence of the intense interest the people of Seymour have in the cause of public education.

The decorations were attractive and appropriate and at once caught the eye of every one who entered the opera house. The stage, especially, presented a most beautiful appearance.

Promptly at 8 o'clock the fifteen graduates with Superintendent Montgomery took their places on the platform, the orchestra played a beautiful selection and the program was begun. The invocation prayer was offered by Rev. J. T. Charlton, pastor of the Presbyterian church. Then after another selection by the orchestra the program was carried out as follows:

Each member of the graduating class showed by the presentation of these last duties connected with the course of study they have pursued, that as students they have done their work well. By cheerfully and industriously performing the daily tasks incident to school life they were able to perform these commencement duties with honor to themselves and credit to their faithful and efficient teachers. From the salutatorian to the valedictorian all did well and received the hearty applause of the vast audience.

The diplomas were presented in behalf of the board of education by Rev. J. W. Huber, pastor of the German M. E. church. His address was peculiarly appropriate to the occasion and was well received.

After the exercises were concluded congratulations were showered upon the graduates by their many friends and acquaintances. They were also the recipients of many beautiful and valuable presents.

None were happier on this glad occasion than Superintendent H. C. Montgomery and the high school faculty, Principal T. E. Sanders, and Misses Frances Branaman, Katherine B. Jackson and Anna L. Hancock, who have been faithful to every duty required of them as teachers.

So the duties of another school year are done and the pleasant tasks of the school room are temporarily at an end. These closing exercises were such as to make every citizen of Seymour proud of our excellent schools and applaud the work being done for the cause of education and for the educational progress being made here at home from year to year.

When Nature Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

## CITY COUNCIL.

Met in Regular Session But Adjourned to Attend Commencement.

The council met in regular session last evening at 6:30 o'clock. They were called to meet early on account of the high school commencement which nearly all the city officers desired to attend.

On account of the lateness of the train Mayor Balsley, who was attending encampment at Columbus, did not get to the council chamber until after 7 o'clock. Order was called by Clerk McKinney and Councilman Price was called to the chair.

The minutes of the previous meeting were read and approved.

On motion of DeGolyer council adjourned session until tonight to complete the business awaiting their action.

By request of Thompson, by common consent this motion was not put until some claims, amounting to \$68.96 were allowed.

Will Go to Washington.

The 159th regiment, which is the only one of the Indiana regiments still at Indianapolis has been ordered to Washington. This is a complete change from what was expected a day or two when the boys were earnestly hoping they might be sent to Manila.

Deafness Cannot be Cured.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedier. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

DIED.

Hugh Fleenor, an esteemed and honored citizen, of Little York, died Sunday May 15, 1898, with infirmity aged about eighty-six years. He was well known in Seymour.

In Limbo

A man calling himself John Groubb was this morning arrested by Marshal Thickett charged with house burning and other crimes said to have been committed at Bedford. He made a full confession to the marshal who locked him up. He gave his age as 24 years, and is thought to be an all round crook. The marshal wired the Bedford authorities and they will be here this afternoon for the man.

It is authentically stated that Gen. McKee will not receive the appointment of Brigadier. President McKinley says that if he began making appointments from the militia of one state he would have to follow out the precedent with the other states, and that was something he could not do. He said that the idea of keeping the Indiana regiments intact in one brigade for Gen. McKee to command was out of the question, and that the brigadiers for the army must be chosen from the regular army officers.

FRIDAY, MAY 20, 1898.

WEYLER has announced that he was  
ready a year ago to invade the United  
States. It is a fortunate thing for him  
that he did not attempt to carry out  
his thought.

SPANISH honor is easily satisfied if it  
pleased with a guerilla warfare on  
a part of its fleet which was to send  
her good ships to the bottom so  
quickly.

The men who are raising the wheat  
and corn are feeling more hopeful than  
they have for years. If their hopes are  
not blasted this means still further im-  
provement in business conditions.

The late Mr. Gladstone, universally  
regarded as the greatest Englishman of  
the Nineteenth century, pronounced  
George Washington, the greatest man  
of all the centuries. And he used the  
word greatest in the broadest and  
best meaning of the word.

The estimates for the government's  
next fiscal year made by Senator Allison  
for \$482,574,647 for ordinary expenses  
and \$379,192,000 for war expenses. This  
is at the rate of about \$2,000,000 per  
day. Our government can stand an  
expense like this, but how about the  
bankrupt treasury of Spain which must  
shoulder such an enormous load to carry  
on the war.

The people of the country generally  
commend the attempts of the govern-  
ment to prevent the premature publi-  
cation of news concerning the conduct  
of the war and the movements of our  
vessels. All such published reports are  
read in Spain within a very short time  
after their publication here. There is  
a great disadvantage in allowing an  
enemy to know the moves which our  
nation intends to make and our govern-  
ment will do well to profit by the ex-  
ample which Spain has set for us in  
this one particular, in keeping strict  
secrecy concerning the movements of  
her ships.

While the War Lasts.

All who march, walk or stand, should  
shake into their shoes Allen's Foot-  
Ease powder. It cures aching, tired,  
sore, swollen feet and makes tight or  
new shoes easy. It absorbs moisture,  
and prevents chafing, hot, smarting,  
blistered sweating feet. All the regu-  
lar army troops and navy men use it.  
Volunteers in hot climates can't exist  
in comfort without it. Allen's Foot-  
Ease is sold by all druggists and shoe  
stores, 25c. Sample sent free. Address  
Allen S. Olmsted, LeRoy, N. Y.

LUBKER'S PRIMARY.

The Light Vote a Surprise Even to the  
Most Sanguine Candidates.

The much advertised democratic  
primary yesterday turned out to be a  
very tame affair. There was seemingly  
no interest in any part of the county so  
far as heard from. The vote was much  
lighter in every township than the can-  
didates and the hold-over committee  
had anticipated.

In Brownstown township where they  
polled 576 votes for Bryan in 1896, they  
got out only 241 votes. In Owen town-  
ship where they cast 277 votes in 1896,  
only 123 voted in this primary. In Salt-  
creek where the party can claim  
400 votes but 73 were cast. In Hamil-  
ton township, where there are 250 dem-  
ocratic votes, only 27 went to the polls.  
In Jackson township only 43 went to  
the polls to take part in this primary.  
Only 39 votes were cast in  
Redding township. And so it was in  
other townships. Only a small  
portion of the voters took any part. It  
was, indeed, a day of disappointment  
to the holdovers and their crowd.

We have not all the vote in detail  
therefore can not figure out the possible  
results when Frank Branaman's and  
John Dumbell's rule is applied. They  
will doubtless announce that through  
D. H. Lubker, in due time and with  
sufficient ceremony.

To Cure a Cold in a Day  
Take Laxative Bromo Quinine Tab-  
lets. All druggists refund the money if  
it fails to cure. 25c. The genuine has L.

RAILROAD RUMBLINGS

H. M. Wishard, of the Blue Line, was  
in the city.

Elmer Swain, of the 'Q' route, was  
in the city today.

Conrad Kammer, of the Air Line,  
was in the city today.

H. A. Truedy, B. & O. S. W. special  
agent, was in the city today.

J. M. Sutton, of the B. & O. S. W.  
round house, is able to walk out.

Engineer Charles Ewing has almost  
recovered and thinks he will resume  
his run on the Bedford accommodation  
tomorrow.

Howard Guthrie, B. & O. S. W. train  
dispatcher, went to Bloomington today  
to spend a two weeks' vacation with his  
parents.

John Quinn, of the B. & O. S. W.  
yard, who has been confined to his  
home by sickness is up today but not  
able to resume his position.

Several people came here today from  
the western part of the county by way  
of the Southern Indiana on business  
and to purchase goods.

Many old soldiers now feel the effects  
of the hard service they endured dur-  
ing the war. Mr. Geo. S. Anderson, of  
Rossville, York county, Penn., who  
saw the hardest kind of service at the  
front, is now frequently troubled with  
rheumatism. "I had a severe attack  
lately," he says, "and procured a bottle  
of Chamberlain's Pain Balm. It did  
so much good that I would like to  
know what you would charge me for  
one dozen bottles." Mr. Anderson  
wanted it both for his own use and to  
supply it to his friends and neighbors,  
as every family should have a bottle of  
it in their home, not only for rheuma-  
tism, but lame back, sprains, swellings,  
cuts, bruises and burns, for which it  
is unequalled for sale by C. W. Milhouse.

Whooping Cough.

I had a little boy who was nearly  
dead from an attack of whooping  
cough. My neighbors recommended  
Chamberlain's Cough remedy. I did  
not think that any medicine would  
help him, but after giving him a few  
doses of that remedy I noticed an im-  
provement, and one bottle cured him  
entirely. It is the best cough medicine  
I ever had in the house.—J. L. Moore,

BUSINESS NOTES.

Simon Strauss made a business trip  
today to Mitchell.

Outdoor business is suspended today  
on account of the rain.

Several new houses are going up in  
different parts of the city.

J. W. Lucas was in the city today  
from Freetown on business.

Perry & Densford shipped a car of  
stock last night to Cincinnati.

J. W. Callahan and wife, of near  
Heltonville, came here today on busi-  
ness.

J. C. Wells, Edmund J. Miller, James  
Luckey and others went to the county  
seat on business.

The handsome two story residence of  
Harmon Schulte on West Bruce street  
will soon be inclosed.

The Bedford city council decided  
last Wednesday night to use the Terre  
Haute brick on the streets.

Andy Keith, of Seymour, has had his

CAPTURE OF A VETERAN.

By the Commander in Chief of His Head-  
quarters.

"Say, mister, have you seen a mean  
lookin' little cuss with a blue suit and  
brass buttons on hangin' round here this  
week?" said a tall woman to the clerk  
at a Lewiston hotel Friday.

"Don't know that I have. How mean  
does he look?" was the reply.

"He pretends to be a vitran," con-  
tinued the woman regarding the clerk  
over her glasses, "an' ginally about  
Grand Army time he disappears from  
his wife's bed an' board an' goes off an  
licks the hull south. I want to see him.  
I want him to come home."

Up the corridors came the sound of  
laughter.

A party of veterans were telling tales  
of war.

A familiar voice smote upon the air.  
The woman's lips closed tightly.

"I tell you, comrades, I jes' enjoyed  
that air fight at Chancellorsville more'n  
I did the hull durned muss from fus to  
las'. You see, Gin'rul Jackson was off on  
to our left a-trampin' like the very devil  
to outflank the Union lines. That air  
mornin' my cap'n he sez to me, sez he,  
'Jake, you take a detachment o' five  
men an' go out an' see what Stonewall's  
doin'. Et you suspect—et you suspect,'  
sez he—'that there's any kind o' sneak-  
in beatin' around the bush goin' on, you  
jes' lay low an' kyhook for the Union  
lines.' 'Well, sez I'—

Just then a woman shoved through  
the throng and linked her arm in his.  
The words died on his lips. The tight  
died out of his eyes. A spasm passed  
over his countenance that left it as sickly  
green, the color of the hide of a sour  
cucumber.

"Jabez," said the woman, "bo you  
here a-lyin' ag'in? What made you take  
that air hoss an' drive him here to this  
G. A. R. spree? Hev you been a-drink-  
in? Hev you been a-forgettin' of your  
commandment not to lie? Did you tell  
these gentlemen that as fur as you got  
to war was to Augusta, an' that you  
got so feared over there that you was  
sick for three weeks? Gin'rul Jackson!  
You little lyin' thing! Did you tell the  
Grand Army men that you was  
drafted an' that they couldn't find you  
for six weeks where you was a-hidin' in  
the woods?

"Come home, Jabez—the caows and  
the pigs need you."

And the little old man in the blue  
coat looked up into the woman's face  
with a gray, misty, tearful look in his  
eyes. The glad light that had been in  
them was gone. His little bit of glory  
was at an end.

Poor old fellow—after all!—Lewiston

ANNUAL COMMENCEMENT OF THE SHIELDS HIGH SCHOOL.

All Members of The Class Acquitted Themselves With Credit.—The Closing Exercises of a Successful School Year.

The twenty-fourth annual commencement of the Shields High School was held at the Opera House last night. This annual occasion is always looked forward to much interest. The great crowd present last night was evidence of the intense interest the people of Seymour have in the cause of public education.

The decorations were attractive and appropriate and at once caught the eye of every one who entered the opera house. The stage, especially, presented a most beautiful appearance.

Promptly at 8 o'clock the fifteen graduates with Superintendent Montgomery took their places on the platform, the orchestra played a beautiful selection and the program was begun. The invocation prayer was offered by Rev. J. T. Charlton, pastor of the Presbyterian church. Then after another selection by the orchestra the program was carried out as follows:

MUSIC  
Each member of the graduating class showed by the presentation of these last duties connected with the course of study they have pursued, that as students they have done their work well. By cheerfully and industriously performing the daily tasks incident to school life they were able to perform these commencement duties with honor to themselves and credit to their faithful and efficient teachers. From the salutatorian to the valedictorian all did well and received the hearty applause of the vast audience.

The diplomas were presented in behalf of the board of education by Rev. J. W. Huber, pastor of the German M. E. church. His address was peculiarly appropriate to the occasion and was well received.

After the exercises were concluded congratulations were showered upon the graduates by their many friends and acquaintances. They were also the recipients of many beautiful and valuable presents.

None were happier on this glad occasion than Superintendent H. C. Montgomery and the high school faculty, Principal T. E. Sanders, and Misses Frances Brannaman, Katherine B. Jackson and Anna L. Hancock, who have been faithful to every duty required of them as teachers.

So the duties of another school year are done and the pleasant tasks of the school room are temporarily at an end. These closing exercises were such as to make every citizen of Seymour proud of our excellent schools and applaud the work being done for the cause of education and for the educational progress being made here at home from year to year.

When Nature Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

CITY COUNCIL.

Met in Regular Session But Adjourned to Attend Commencement.

The council met in regular session last evening at 6:30 o'clock. They were called to meet early on account of the high school commencement which nearly all the city officers desired to attend.

On account of the lateness of the train Mayor Balsey, who was attending encampment at Columbus, did not get to the council chamber until after 7 o'clock. Order was called by Clerk McKinney, and Councilman Price was called to the chair.

The minutes of the previous meeting were read and approved. On motion of DeGolyer council adjourned session until tonight to complete the business awaiting their action.

By request of Thompson, by common consent this motion was not put until some claims, amounting to \$68.96 were allowed.

Deafness Cannot be Cured.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
